ITEM 5. OTHER EVENTS.

We own an equity interest in Origen Financial L.L.C. ("Origen"). Gary A. Shiffman, our Chief Executive Officer, President and Chairman, is a manager of Origen and also owns an equity interest in Origen. Currently, we (together with an unaffiliated lender and one lender affiliated with Mr. Shiffman) provide financing to Origen. The financing provided to Origen consists of a \$48.0 million standby line of credit and a \$10.0 million term loan, of which we had advanced approximately \$35.1 million as of June 30, 2003.

In June 2003, we entered into an Agreement for Purchase and Sale of Manufactured Home Loans ("Agreement") pursuant to which we can elect, from time to time, to purchase and hold up to \$50.0 million principal amount of manufactured home loans from Origen at a purchase price equal to the book value of such loans, as reflected on Origen's books and records, plus accrued and unpaid interest on such loans. We have purchased loans from Origen under the Agreement and sold loans to Origen under a separate agreement. At July 31, 2003, we had a portfolio of approximately \$25.0 million in principal amount of loans purchased under the Agreement. As partial consideration for the repurchase by Origen of certain loans purchased by us under the Agreement, Origen issued to us preferred equity interests in Origen's special purpose entity that holds residual securitization interests. These preferred equity interests had a value of approximately \$7.3 million at the time of issuance.

Origen has notified us that it intends to raise capital that will be used in part to repay all indebtedness owed to us and our affiliates and to redeem our preferred equity interests in Origen's special purpose entity. In addition, Origen may use a portion of the proceeds to repurchase manufactured home loans previously purchased by us under the Agreement. We expect that if Origen is successful in raising capital we would continue to maintain a strategic relationship with Origen and invest \$50.0 million in Origen. As part of this relationship, Origen will begin funding loans originated under Sun's Home Buying Made Easy program under which Sun offers low interest loans to purchasers of new and pre-owned homes and pays Origen the interest rate differential between Origen's published rate and the program rate.
